Brief Summary of Discussion (200 words max): This is our second meeting for this semester. During this meeting, we mainly helped one another resolve issues that we had, most of it being SDK issues. Few of us also faced unprecedented issues when trying to run the app on our phones, with that still trying to be resolved. Apart from that, the tasks for our first deliverable for this semester have already been delegated, with us prioritizing the frontend first, We also briefly discussed on the coding parts and codes that we lack clarity of.
