Supervisor: Dr. Najib			

Date of Meeting:	31 / 3 / 26
Meeting Number:	16
Brief Summary of Discussion (200 words max): In this meeting, we showed the supervisor on our current progress of creating the app's backend functionality and our deliverable report and requested feedback for them. We identified multiple design and logical issues and sought to plan and fix them. We also got together and tried to integrate and fix the code.	
Agreed Actions: Each team members fix their own code in the app and cooperate to complete the report (create graphs, document what each person has done).	

Issues:

Multiple issues arose were upon supervisor's feedback, and we also identified some of them on ourselves while presenting. Some fixes were planned to be applied before submission, while more complex issues are planned to be fixed on the next sprint.
