Date of Meeting:	11/03/2026
Meeting Number:	14
Brief Summary of Discussion (200 words max): In this meeting, we discussed the tables in our databases and evaluated each relationship to make sure it aligns with the functionalities we planned to implement into our app. We discussed the differences between local and remote databases again and where they would be used within our app. Hancheng also briefed us about fetching from databases with the system settings example. We also discussed code structure to ensure our final work would be clear and concise	
Agreed Actions: - Connect our respective pages to the databases by next week
